Panel Discussion & Awarding the Most Innovative
Emerging Company

The 2023 Marcum Food & Beverage Summit brings together the best and brightest in our field – food and beverage executives gathering with others in the industry for an evening of networking and vital information.

Our panel will discuss the latest trends in the industry, which used to change slowly and allow the opportunity to spend time making well-informed decisions. How can food & beverage companies adapt now that changes in trends happen so rapidly?

The Marcum Food & Beverage Summit is an essential event for industry executives looking to foster growth, encourage dialogue, and inspire creative thinking.

2023 MOST INNOVATIVE EMERGING COMPANY

Marcum is looking for the most innovative start-up or emerging food and beverage companies. Nominees will be given the opportunity to display their products and demonstrate their innovation during the conference and connect with potential investors. Conference attendees will meet with nominees and then vote for the winner, who will receive a \$2,500 award!
